

# IP67 SMA Socket to SMA Socket Adapter

## key features

- > SMA to SMA female
- > IP67 rated - mated and unmated
- > DC to 6GHz frequency range
- > Gold plated brass body

The SMA coaxial socket-to-socket adapter, commonly referred to as an SMA female-to-female adapter, plays a vital role in numerous applications, especially when there's a need to link two SMA cables or devices that feature male connectors. Typical application include extension of cabling and device interconnection.

Texim Europe B.V. its affiliates, agents, and employees, and all persons acting on its or their behalf (collectively, "Texim"), disclaim any and all liability for any errors, inaccuracies or incompleteness contained in any datasheet or in any other disclosure relating to any product.

Texim makes no warranty, representation or guarantee regarding the suitability of the products for any particular purpose or the continuing production of any product.

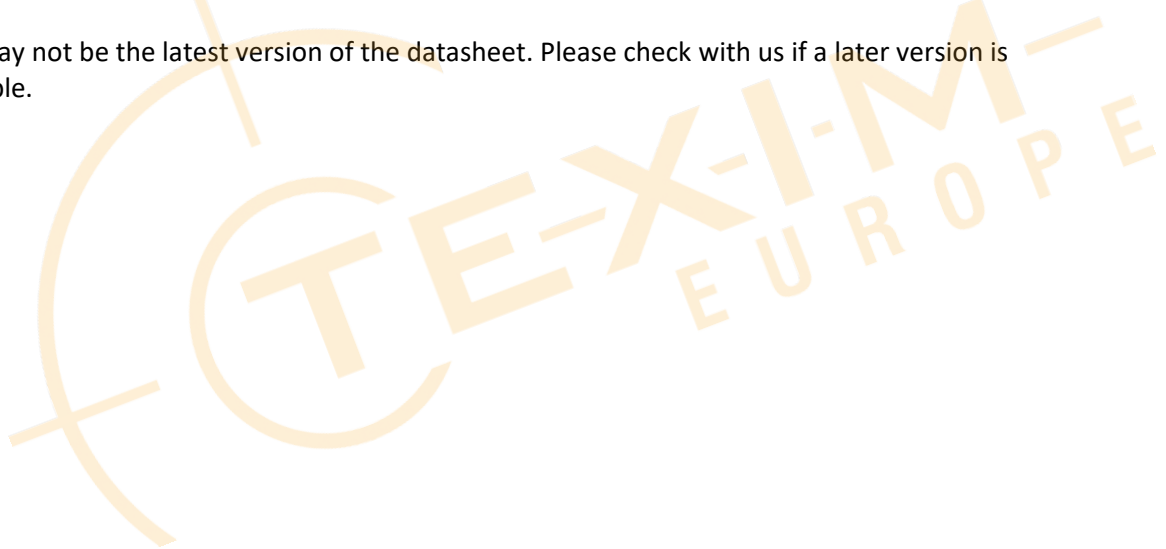

It is the customer's responsibility to validate that a particular product with the properties described in the product specification is suitable for use in a particular application.

Parameters provided in datasheets and / or specifications may vary in different applications and performance may vary over time.

All operating parameters, including typical parameters, must be validated for each customer application by the customer's technical experts.

Please contact us if you have any questions about the contents of the datasheet.

This may not be the latest version of the datasheet. Please check with us if a later version is available.
